It's here, and by gosh and gold-darn me, if I don't use it out right now and all along, holding it up, with the bubbles playing hide-and-go-seek around the glasses will say—no—think. There are many good fellows

"Spirits in Prison—Soon to Be Released"

Jesus preached to Spirits in Prison (1 Pet. 3:19). How? Who are these Spirits? Where did they come from? Why are they in prison? What prison are they in? Will they ever be released? What will they do when liberated?

Does modern spiritism have any connection with these imprisoned spirits? What about the revelations now being made by Sir A. Conan Doyle along this line?

Mr. Nicholson declares that the Bible answers all these questions perfectly. He further states that if any individual in the Calumet region is honestly seeking to know the truth along this line he cannot afford to overlook the clear teachings of Scripture on the subject.

"I acknowledge Modern Spirit Phenomenon as a thoroughly proven and demonstrated fact," says Mr. Nicholson, "and I know who the spirits are, from whence they derive their power and what we may expect from this quarter within the next five or ten years. The person who does not know these things in advance is at a great disadvantage."

Mr. Nicholson will give both secular and scriptural proof and will thoroughly discuss the subject Sunday, Jan. 2 at 3:00 p. m. in I. O. O. F. Hall, Hammond.

He is said to be a diligent student and a convincing speaker. Those interested in such subjects will doubtless find much that is worth learning in this discussion. They advertise gratis free and no collections.

shares but this increased to 29,063 in 1919 and then jumped to 26,842 in 1920. The loans of the association amounted to \$140,884 in 1918. These increased to 223,524 in 1919 and more than doubled again in 1920 when they reached 556,572. Expenses have shown a corresponding decrease. In 1918 the expense of office, interest on borrowings, etc., was \$6,372; in 1919 it had been cut to \$3,816 and in 1920 it made the almost unbelievable drop to \$121.

The association held \$24,779 worth of real estate in 1918, which it had been forced to acquire, but today it holds no real estate and has no bad loans on its books. Plans now are to make 1921 the banner year to date.

Does Modern Spiritism have an connection with these imprisoned Spirits? What about the revelations now being made by Sir A. Conan Doyle along this line?

Mr. Nicholson declares that the Bible answers all these questions perfectly. He further states that if any individual in the Calumet Region is honestly seeking to know the truth along this line he cannot afford to overlook the clear teachings of Scripture on the subject.
